Anthony Smith, Alternate	Term Expires 1992
Leonard N. Eames, Alternate	Term Expires 1994
Barbara D. Hill, Alternate	Term Expires 1994

## SELECTMEN'S LETTER

The Board of Selectmen in 1991 had a busy year, with many of the previous problems being brought to conclusion, hopefully permanently. The Fuel Storage Company request for several years for abatement on their taxes finally was scheduled for Superior Court trial. Unhappily, our appraiser found that the taxpayer had been over-assessed. Therefore, on advice of counsel, we negotiated a settlement which could have been much more of a financial burden. Specifically, we paid them \$158,000, \$40,000 of which came from the Sewer District taxpayers. We had planned on this when setting the 1991 tax rate after discussing with the State Department of Revenue Administration and taking the maximum of "overlay" permitted under the law. Thus, even though the 1991 tax rate dropped from that in 1990, we had enough surplus (overlay) so that a special town meeting to raise the funds was not required as the State ruled that this money could be spent when ordered by the court, which it was.

The next problem of this same type exists with the ongoing abatement requests from Public Service Company, which may go to court in 1992. To that end, we are asking for \$60,000 for a professional appraisal of all Public Service property, in the belief that they were actually under-appraised in 1981, the last revaluation. It is our hope that this will enable Mr Richard Upton, counsel for the Town since the beginning of this case, to negotiate a favorable settlement. Litigation, as we all know, is not only expensive, but does not always end up in "justice".

As you are aware, but for the record, a settlement concerning our responsibility for the cleanup of the Coakley Landfill was also reached. A Special Town Meeting has ratified the terms, and authorized the raising of some \$900,000 when needed, to pay our share of those costs. Under those terms, when approved by the U.S. District Court, we are also indemnified from any further lawsuits concerning this particular hazardous waste site.

Concerning the former Pease Air Force Base, much could be and has been written. Our main thrust has been twofold in our dealings with the Pease Development Authority. First, which had been overwhelmingly approved by the Town, was to make sure they did not reverse themselves concerning the creation of the Wild Life Refuge, The U.S. Fish & Wildlife Service has been working closely with us, and others. It appears that perhaps by the time of Town Meeting we will see an actual transfer of land in accordance with our wishes. Our

second goal was to acquire as much control as possible over land uses on the former base. In this we have worked along with Portsmouth, which has fears similar to ours concerning that part of the base which lies within their historic boundaries. Frankly, the State controlled Pease Authority is extremely reluctant to even listen to our suggestions and petitions. We may, and have, argued that Newington's record of development has been superb, but their apparent beliefs are that this can be a "gold mine" for the State and "Big Daddy" knows best. We continue to work on this in a number of ways, including supporting Bills now before the Legislature. As this is written, which is a report on 1991, more may be known by the time of Town Meeting 1992. Historically over the years, I have been optimistically inclined, but now doubt there will be anything but a somewhat bleak outlook concerning our part in developing Pease.

There are some favorable things to look at, and I include the apparent willingness of the Air Force to give us the Stone School that is in our Historic District, and the inclusion of what remains of the Town Forest within our already established Historic Boundaries.

Very possibly the most favorable trend in Newington is the stepping in and participation of some of the younger citizens. Hopefully working with those who have some experience and are still willing to give of themselves, a new generation will be ready and able to continue to give Newington the "volunteerism" which has been one of the hallmarks of our history and success.

John R. Mazeau,  
Chairman

**J. R. Lebel**  
**CERTIFIED PUBLIC ACCOUNTING**

54 Court Street  
Portsmouth, NH 03801  
603-436-8110

Selectmen  
Town of Newington  
Newington, NH 03801

I have examined the combined financial statements of the Town of Newington, New Hampshire, and its combining and individual fund financial statements as of and for the year ended December 31, 1990. As part of my examination, I made a study and evaluation of the Town's system of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis of reliance on the system of the internal accounting control in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

My study and evaluation of the system of internal accounting control was made for the purpose set forth in the paragraph above and accordingly would not necessarily disclose all weaknesses in the system because it was based upon selective tests of the accounting records and related data. As a result of this study and evaluation, I have noted no particular areas where improvements can be made to strengthen the system of internal accounting control.

At this time I wish to thank the Town officials, especially Mrs. Pat Main and Mr. Norman Myers, for the cooperation and courtesy shown my staff during the course of the engagement.

Portsmouth, New Hampshire  
July 17, 1991

## SUMMARY INVENTORY OF VALUATION

### Land:

In Current Use	\$ 96,506
Residential	8,864,889

## **LANGDON LIBRARY ANNUAL REPORT 1991**

The Library had another great year with over 4,500 items circulated and over 1,200 people using the library for reading, research and book borrowing. We added 588 items to our collection in 1991. Come celebrate the library's 100th anniversary in 1992.

Our hours are:

Wednesday Winter 1-5:30 p.m.	Summer 1-5p.m.
Thursday Winter 1-6:30p.m.	Summer 1-6:30p.m.
Friday Winter 1-6:00p.m.	Summer 1-5:00p.m.
Saturday Winter 11a.m.-6p.m.	Summer 11a.m.-5p.m.

Telephone: 436-5154

Trustees: Christine Beals (C)  
Patty Borkland (S)  
Libby Smith (T)

Meetings are held the first Thursday of each month at 1:00 p.m. in the library. The public is always welcome.

### **PROGRAMS AND SERVICES:**

School Library, twice monthly during the school year for Grades K-6

Quick Inter-Library loan service

Newington Neighbor articles, reports and notices received for publication.

Book buying for patrons, a large paperback and large print book sections.

A wide variety of magazines. Free passes to the Portsmouth Children's Museum.

Book donations are cheerfully accepted and will either be accessioned or sold at a book sale for the library's benefit.

Sincerely,  
Duane E. Shaffer  
Director

## **REPORT FROM THE ROCKINGHAM PLANNING COMMISSION**

During 1991 the Town of Newington received a variety of services from the Rockingham Planning Commission.

The most significant assistance was the close monitoring of activities of the Pease Development Authority. This work included the following: reviewed and commented on deficiencies of the USAF EIS for reuse of Pease; attended ME/NH Voice sponsored meetings to review findings of an independent noise consultant regarding Pease related noise impacts; attended NHDOT sponsored meetings regarding planned improvements to the Spaulding Turnpike and Gosling Road; RPC Representatives were appointed to and attended three meetings of the Pease Part 150 Noise Study Committee; reviewed and commented extensively on the NHDOT Draft Scope of Work/RFP for a Surface Transportation Master Plan prepared at the request of the PDA; attended numerous hearings and meetings of the PDA and PDA Committees.

In addition to Town-specific assistance, Newington benefited from Planning Services provided on a region-wide basis to member communities.

## REPORT OF THE PLANNING BOARD

During 1991 the Planning Board received six applications for land subdivision. All six applications were for land located in the Residential District. These six applications proposed a total of thirteen new building lots. Six lots were approved: Exeter Banking Co. (*1 new lot in South Newington*), Berounsky (*2 new lots in South Newington*), Packard/Sweeney (*1 new lot at 28 Fox Point Road*), and Robert Lamson (*2 new lots at 50 Little Bay Road*). The estate of Sydney Frink proposed seven new lots at 256 Little Bay Road. That application is currently pending.

James Coleman proposed several lot line adjustments at 200 Fox Point Road. That application was approved in January of 1992.

The Planning Board reviewed eleven site plans for non-residential development, six in the Business District, four in the industrial district, and one involving a cross-town gas transmission pipeline. The Board approved five site plans: a waste gas flare assembly at Fuel Storage Corporation, a boat storage shed at Great Bay Marine, new out-buildings associated with PSNH's gas conversion project at PSNH Newington Station, an auto body shop at 186 River Road, and a parking lot expansion at the Asia Restaurant.

Two site plan applications for the Driveln Theater property were withdrawn: a BJ's Warehouse, and a proposal for light/laser video shows. Three site plans are presently pending: a riverfront pumping facility at Dorchester Sea-3's propane storage terminal, the gas transmission line cited above, and a Kids R Us clothing store and Olive Garden Restaurant at the former Leatherbee property off Woodbury Avenue just north of the cinemas.

The redevelopment of Pease AFB continues to draw a great deal of the Planning Board's time and attention. Issues that are being monitored very closely include the proposed Wildlife Refuge, the impact of redevelopment on the Newington taxpayer, the 69 acre Town Forest, aircraft noise, air pollution, traffic, groundwater contamination, endangered plant and animal species, and acquisition of the Stone School. Additionally, the Pease Development Authority's new land use regulatory process calls for the Newington Planning Board to review all site plan applications outside the immediate vicinity of the airport.

As always, the Planning Board welcomes your questions, comments and suggestions.

Respectfully submitted,  
Marlon S. Frink, Chairman

## **REPORT OF THE BOARD OF ADJUSTMENT**

The Board of Adjustment considered the following applications during 1991:

By Stillman Packard, Fox Point Road, for a variance from the ordinance to allow subdivision of a residential lot with 172 feet of road frontage where 200 feet are required. Variance was granted.

By Mo & Esther Wong, owners of the Asia Restaurant, River Road, for variances from the Town's Wetlands Ordinance to allow additional parking on the lot adjacent to the restaurant. Special Exceptions and variances were granted conditioned upon receiving approvals from the State Wetlands Board.

By Hugh & Durena McCormack, Gundalow Landing, for a variance from the ordinance to allow the location of an inground pool 12 feet from the sideline where 15 feet are required. Variance was granted.

Alfonso Cabrera, Chairman  
Board of Adjustment

## **ACTION TAKEN ON TOWN WARRANT**

### **TOWN MEETING 1991**

- Article 1 ..... Election of Officers.
- Article 2 (Amendment 1) Voted to adopt the 1990 BOCA National Codes.  
(Amendment 2).. Voted to empower the Board of Adjustment to act on an appeal by any person aggrieved by a decision of the Building Inspector.
- Article 3 ..... Voted to authorize the Board of Selectmen to receive and expend federal and state grants that may become available.
- Article 4 ..... Voted to leave the care and maintenance of Town Land & Buildings to the Board of Selectmen.
- Article 5 ..... Defeated the motion to remove the Mott House on Fox Point.
- Article 6 (By Petition) .... Voted to save the Mott House from Demolition.
- Article 7 (By Petition) .... Defeated the motion that would have required the Selectmen to receive the vote off the townspeople at a duly warned town meeting before demolishing any town owned buildings.
- Article 8 ..... Voted to use appropriated funds to secure the Mott House against weather.
- Article 9 ..... Defeated a motion to prohibit hunting and discharge of firearms on town land.
- Article 10 ..... Voted to allow the Board of Selectmen to dispose of property acquired by tax collectors deeds.

- Article 11 ..... Voted to allow the Selectmen to borrow in anticipation of taxes.
- Article 12 ..... Voted that interest accrued on Sewer Revenues may be used to offset Sewer Budget.
- Article 13 ..... Voted a total 1991 budget of \$2,502,103.
- Article 14 ..... Heard the Moderators report on the election of officers
- Verbatim minutes of all town meetings are available for reading at the Town Office and Library

## 1991 FIRE DEPARTMENT ANNUAL REPORT

The year of 1991 shows a decrease in fire calls by 2.5% over 1990. The Fire Department responded to 191 calls. The following is a breakdown of the calls by district:

- 14% to the Industrial District
- 16% to the Business District
- 15% to the Fox Run Mall
- 9% to the Newington Mall
- 24% to the residents
- 11% for motor vehicle accidents
- 2% for boat rescues
- 9% for mutual aid request.

The volunteers gave 1,966.5 hours of their time in answering calls. This figure does not include the time of the full time employees, or the volunteers time in attending training sessions.

This year a couple of storms came through the area causing a large number of trees to fall across the various roads in the Town. The Fire Department members gave more than 375 hours of their time in the effort to keep the roads open, by using chain saws and cutting the trees. The Fire Department also pump out many basements during these same storms, while electric was not available to the residents.

The Boy Scouts of America, Explorer Post 933 is still alive, but is in need of more members. The young people are trained in the proper use of the tools that are carried on the various apparatus, in the proper operation of the radios, and the proper paper work necessary for time record keeping on all types of calls. At no time are the young people permitted to enter any area that could be hazardous to their health, both by Boy Scouts of America and the Newington Fire Department. I do wish to thank the Explorer post for it's help during the past year, and hope it will be active at the end of 1992.

I wish to thank all of the Firefighters for their time and effort in protecting the lives and property of the taxpayer within the boundaries of the Town of Newington. I wish, also, to thank these same people for their time in attending various training classes, both at the Fire Station and throughout the State, in an effort to improve their skills as Firefighters and Officers.

As a final note, I wish to remind the Town residents that the Fire Department is available for public assistance calls, as well as for emergencies. We are here to serve you.

Respectfully submitted,  
Larry Wahl, Fire Chief

## **REPORT OF TOWN FOREST WARDEN AND STATE FOREST RANGER**

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N. H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N. H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

Robert D. Nelson, Chief, Forest Protection  
Lee Gardner, Local Forest Ranger  
Larry Wahl, Forest Fire Warden  
Richard Spinney, Deputy Warden

## 1991 AMBULANCE ANNUAL REPORT

The year of 1991 shows a decrease in Ambulance calls by 18% over 1990. The Ambulance responded to 252 calls. The following is a breakdown of the calls by districts:

8%	to the Industrial District
19%	to the Business District
18%	to the Fox Run Mall
5%	to the Newington Mall
17%	to the residents
12%	for motor vehicle accidents
21%	for mutual aid request.

The volunteers gave 1,341 hours of their time in answering calls. This figure does not include the time of the full time employees, or the volunteers time in attending training sessions.

I would like to take this opportunity to thank all Ambulance personnel for their unselfish contributions to the Town of Newington, by sacrificing their time to service on the Ambulance. Each of these members has been trained to at least the basic level of Emergency Medical Technician (EMT), and they continue to attend classes and seminars to improve their skills for Prehospital Care. This has helped in opening lines of communications for the ambulance attendant with the Emergency Department staff. The members of the Newington Ambulance have constantly received praises from the local hospitals, for their care of the sick and injured.

The Ambulance does provide a transfer service for the residents of Newington, and this service was called upon 8 times in 1991. It is a privilege to provide this service for the residents.

Once again, I wish to thank the members of the Ambulance service, for their time and effort in providing quality prehospital care for the Town of Newington.

Respectfully submitted,  
Larry Wahl, Ambulance Director

## **NEWINGTON POLICE DEPARTMENT 1991 ANNUAL REPORT**

During 1991, the Police Department recorded 158,102 miles on our vehicles and received 1,965 complaints or calls for assistance. Investigations by the Department's officers included 427 criminal cases, 1 missing person and 14 animal complaints.

In the area of highway safety, efforts of our officers resulted in 56 motor vehicle arrests, 880 summonses, 1,309 motor vehicle warnings and 79 defective equipment contacts. Officers assisted 233 motorists while on routine patrols and rendered assistance to other law enforcement personnel on 361 occasions. During 1991, there were no fatal accidents; however, 117 property damage accidents and 16 personal injury accidents were reported.

Police activities resulted in 1,184 cases being prepared for the Portsmouth District Court or the Rockingham Superior Court.

The Department's prevention and service program resulted in 8,728 building checks and 26 escorts being made. The Department investigated 228 burglar alarms, responded to 55 fire calls and assisted in 66 ambulance calls.

During 1991, 15 motor vehicles were reported stolen from Newington and 4 were recovered. An additional 6 motor vehicles which had been stolen from other locales were recovered in Newington. Property, other than motor vehicles, valued at \$102,034 was reported stolen in Newington, while recovered property totaled \$10,824.

Perhaps more than any other town department, the Police Department was hit the hardest during 1991 by the Gulf War as two of our full-time officers and an auxiliary officer were activated through the NH Air National Guard. Work schedules were altered dramatically to maintain coverage and the D.A.R.E. (Drug Abuse Resistance Education) program was postponed. With the successful resolution of the conflict, our officers returned and our first D.A.R.E. graduation is now scheduled for the Spring of 1992.

After serving as a patrolman since 1987, Officer Edward Craig left to accept employment in the private sector and Auxiliary Officer Leonard Kerekes was selected to fill the vacancy.

The closing of Pease AFB had an unusual effect upon the Police Department as, with the departure of Air Force personnel, our

department assumed the lead role in coordinating local law enforcement protection during presidential, vice presidential and other VIP visits involving Pease. As a result, we were able to provide several residents with an opportunity to tour Marine 1, the Presidential helicopter.

Because of the economic conditions, each of us has tightened our belt and we thank you for assisting us in making Newington a safer place in which to live. We again encourage you to visit the Police Station, to ask questions and to expect our officers to provide high quality police service to you and the entire community.

Respectfully submitted

JOHN K. STIMSON  
Chief

# **Newington Town Warrant**

State of New Hampshire

## **NEWINGTON TOWN WARRANT**

State of New Hampshire

TO THE INHABITANTS OF THE TOWN OF NEWINGTON IN THE COUNTY OF ROCKINGHAM AND SAID STATE QUALIFIED TO VOTE IN TOWN AFFAIRS:

YOU ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL ON TUESDAY MARCH 10, 1992 AT 11:00 A.M. TO ACT ON ARTICLES 1, 2 & 3

The polls will be open at 11:00 a.m. and close at 7:00 p.m.. The business portion of the meeting to act on Articles 4 through 15 will resume on Saturday March 14, 1992, at 1:30 p.m.

ARTICLE 1, To choose in the manner provided by law: One Selectman for a term of 3 years; One Town Clerk for a term of 1 year; One Tax Collector for a term of 1 year; One Treasurer for a term of 1 year; One Moderator for a term of 2 years; One Trustee of Trust Funds for a term of 3 years; One Supervisor of Checklists for a term of 6 years; One Fire Engineer for a term of 3 years; One Police Commissioner for a term of 3 years; One Cemetery Commissioner for a term of 3 years; One Sewer Commissioner for a term of 3 years; One Cemetery Superintendent for a term of 1 year; Three Budget Committee members for terms of 3 years; One Budget Committee member for a term of 2 years; Two Planning Board members for terms of 3 years.

ARTICLE 2. To see if the Town will vote to amend the Newington Zoning Ordinance as follows:

Amendment 1. Delete the first paragraph in Article V Section 2 "Wetlands Defined" and replace with the following "Wetlands are those areas that have been determined by a High Intensity Soil Survey to be poorly drained or very poorly drained, as those terms are defined by the U.S. Soil Conservation Service".

Amendment- 2. Replace the present definition of "Variance" in Article II, Section 2, with the following "A relaxation of the ordinance, consistent with New Hampshire Law".

Amendment 3. Re-zone certain areas of the former Pease Air Force Base as follows:

A) Amend the Official Zoning Map by establishing two new zoning districts (Light Industrial and Mobile Home), as depicted on page 329 of the Newington Master Plan.

B) Add the following text to Article III, Section 1: Light Industrial, to known as the LI Zone. Mobile Home, to be known as the MH Zone.

C) Amend the Official Zoning Map by extending the Historic (H) District to include the Old Stone School, as depicted on page 369 of the Newington Master Plan.

D) Amend the Official Zoning Map by extending the Historic (H) District to include that portion of the Town Forest situated on Pease which has survived intact to the present time. The intent here is to encompass the approximately 69 acres on Pease which are depicted on page 432 of the Newington Master Plan as the shaded area east of Short Street.

Amendment 4. Re-zone certain areas of the former Pease AFB by adding the following to Article VII:

Add the following to Article VII, Section 10 - Light Industrial (II) District:

A) Purpose:

The Light Industrial District is established to accommodate the needs of small businesses, research & development firms, and other start-up industrial operationg.

B) Description:

The Light Industrial District is bounded on the east by the Spaulding Turnpike, on the south by the City of Portgsmouth, on the west by Franklin Street and on the north by the N.H. Air National Guard,the Mobile Home District and Portsmouth Avenue.

C) Uses Permitted:

- 1) Light Industry
- 2) Research & Development firms
- 3) Offices that customarily support #'s 1 and 2 above

D) Uses Prohibited:

- 1) Uses that are not expressly permitted in Section C above

E) Dimensional Requirements:

- |                                 |          |
|---------------------------------|----------|
| 1) Minimum Lot Size             | 1 acre   |
| 2) Minimum Road Frontage        | 100 feet |
| 3) Minimum Front Yard           | 40 feet  |
| 4) Minimum Side - Rear yards    | 20 feet  |
| 5) Maximum height of structures | 30 feet  |

F) Standards:

- 1) Minimum standards are the same as Section 8E of this Article.

Amendment 5. Re-zone certain areas of the former Pease AFB by adding the following to Article VII:

Section 11 - Mobile Home (MH) District

A) Purpose:

The Mobile Home District is established in order to provide home ownership opportunities for low income residents of the NH Seacoast area, thereby raising living standards while keeping labor costs at a moderate level. This, in turn, will enhance this region's prospects for attracting new businesses and industries.

B) Description:

This district encompasses approximately 36 acres. The District boundaries are depicted on page 329 (9/6/89) of the Newington Master Plan. The District is bounded on the North and West by Portsmouth Avenue and on the south and east by the Light Industrial District.

C) Uses Permitted:

- 1) Manufactured housing.

D) Uses Prohibited:

- 1) All uses except manufactured housing.

E) Dimensional Requirements:

- |                               |                    |
|-------------------------------|--------------------|
| 1) Minimum lot size:          | 12,000 square feet |
| 2) Minimum road frontage:     | 50 feet            |
| 3) Minimum front yard         | 30 feet            |
| 4) Minimum side - rear yards: | 10 feet            |

ARTICLE 3, Are you in favor of changing the term of the Town Clerk from One Year to Three Years, beginning with the term of the Town Clerk to be elected at the 1993 regular Town Meeting.

**STATE OF NEW HAMPSHIRE**

**TOWN OF NEWINGTON**

**WARRANT FOR A SPECIAL TOWN MEETING**

TO THE INHABITANTS OF THE TOWN OF NEWINGTON IN THE COUNTY OF ROCKINGHAM AND THE STATE OF NEW HAMPSHIRE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

Whereas, it has been brought to our attention by the State Department of Revenue Administration that a procedural error occurred at a Special Town Meeting held January 21, 1992, in that the vote was not by paper ballot, they have suggested we can, under RSA 31:5-b, ratify the vote taken at that meeting.

Therefore, you are hereby notified to meet at the Newington Town Hall on Saturday March 14, 1992, at 3:00 p.m. to act on the following:

**ARTICLE 1.** To see if the Town will vote to ratify the action taken at the Special Town Meeting held on January 21, 1992, as provided by RSA 31:5-b. (Vote will be by ballot and must have a 2/3 majority).

Given under our hands and seal this 11th Day of February, 1992.

John R. Mazeau  
Margaret F. Lamson  
Frederick H. Smith  
BOARD OF SELECTMEN

We hereby certify and attest that on the 20th of February, 1992, we posted a true and attested copy of the within Warrant at the place of meeting within specified and like copies at the South Newington Bulletin Board and the Meeting House and delivered the original to the Town Clerk.

John R. Mazeau  
Margaret F. Lamson  
Frederick H. Smith

ARTICLE 4. To see if the Town shall extend its involvement and commitment as a member of the Lamprey Regional Solid Waste Cooperative from its current termination date of June 1993, until the end of the business day on June 30, 1996.

ARTICLE 5. To see if the Town will vote to change the position of Cemetery Superintendent from elected to appointed by the Board of Selectmen. If so voted this position will be deleted from the ballot for the 1993 March Town Meeting,

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to apply for, receive and expend federal and state grants which may become available during the course of the next year, in accordance with RSA 31:95-b, and also to expend any money from other governmental units or private sources, to be only for the purposes for which the Town may legally appropriate money.

ARTICLE 7. To see if the Town will vote to leave the care and maintenance of Town land and buildings to the Selectmen.

ARTICLE 8. To see if the Town will vote to authorize the Selectmen to dispose of any real estate acquired by the Town through Tax Collectors Deeds.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to hire money on credit of the Town in anticipation of taxes at a rate not to exceed the current bank rate.

ARTICLE 10. To see if the Town will vote the authority to expend accumulated interest from investment of sewer revenues to be applied as an offset for the 1992 Sewer Budget.

ARTICLE 11. (by petition) To see if the Town will vote to authorize the Selectmen to accept "Granchild Lane" as a public road in the Town of Newington.

ARTICLE 12. (by petition) To see if the Town will vote to authorize the Selectmen to accept "Captains Landing Road" as a public road in the Town of Newington.

ARTICLE 13. To see if the Town will vote to authorize the Selectmen to negotiate, and if appropriate, following a Public Hearing, to grant an easement to Granite State Gas Transmissions, Inc., for the installation of a natural gas transmission pipeline over land of the Town.

ARTICLE 14. To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate for all Town Expenditures for the ensuing year,

ARTICLE 15, To hear the report of the Moderator on the election of officers.

Given under our hands and seal this 5th of February 1992.

John R. Mazeau  
Margaret F. Lamson

## HISTORIC DISTRICT COMMISSION REPORT

The Newington Historic District Commission completed several very significant projects during 1991.

In April the selectmen gave approval to C.H.Sprague to relocate the Valentine Pickering burial marker under the supervision of the Historic District Commission. Since the general belief was that burial remains would not be found because of past riverside development, there was a lot of Newington interest when remains and artifacts were located after 121 years. On July 16, 1991, these remains and the burial marker were relocated in the Newington Town Cemetery. The other artifacts recovered from this archeological dig were placed with the Historical Society for safekeeping.

Meanwhile the wait for the boundary extension of the Old Town Center for the National Register of Historic Places continued until the end of the year. The extension included the 69 acres of Town Forest, located on Pease, directly adjacent to the previously listed part of the Town Forest. This extension became officially included on the National Register on December 9, 1991. Hopefully, this property will be transferred to Newington for maintenance and preservation.

In October The Historic District Commission commented on The **Cultural Resources EIS Report** prepared by the Air Force and participated in the Memorandum of Agreement between the Air Force and the NH Division of Historic Resources. It was reassuring to us that the time is coming when federal agencies can no longer act with impunity nor without consideration for the impact on local communities.

The Historic District Commission sincerely appreciates all the helpful people of Newington who were willing to be involved with these important preservation issues.

Barbara D. Hill  
Chairperson

## NEWINGTON HISTORICAL SOCIETY

Although the guest book listed fewer visitors to the Old Parsonage this summer, our faithful hosts maintained the spirit of the Open House days and reported enthusiastic comments from those stopping by.

Our focus has been, and will continue to be, on this building. However, our responsibilities and commitments have expanded. Spearheaded by Barbara Hill and her committee, plans for a museum at the Old Town Hall are becoming a reality. When renovations are completed and the museum project ready for action, we shall be asking for help in setting up our collection and in cataloguing old documents. We are especially eager for donations or loans of Town artifacts.

Our Society is expecting to have a 501(3)(c) status (at a cost of \$175) to help improve our ability, financially, to do restoration and preservation work, and also to be more active in fundraising endeavors, such as yard sales.

The yard sale at the Old Parsonage was a great success. Our thanks to all the people who contributed and specifically to Barbara Myers and Mary Jean Scholl for pricing, Barbara Hill for organizing it the morning of the sale, and to Ronda Baker and Laura Coleman for being the salespersons. We raised an astonishing \$218.00.

Even though our numbers are small, our members have given their service in varied ways. They gave assistance to the Air Force in its surveys and research for the EIS Cultural Resource Report. We should be proud of the fact that we have become an important authority and resource for information in the community to which agencies come, and to which our members have made significant contributions.

The Historical Society, hopefully, is going to be one of the possible recipients of the Old Town Forest. This may entail a challenging overlap of several committees, including the Historic District Commission and the Conservation Commission. We are looking forward to further active participation by members and volunteers and will need your help in many new phases.

Currently, we are working on a CLG grant to operate in our Town on the local level.

The Program Committee has generated some ambitious undertakings. Join us for our programs the fourth Wednesday of the months of February through May, October and November, and learn more about your ancestors and your Town. Everyone is welcome at the meetings. We are most anxious to glean new ideas and fresh approaches to an old subject. And you can become a member at the very reasonable rate of \$2.00.

Respectfully submitted,  
Dorothy M. Watson

## NEWINGTON CEMETERY REPORT

The Cemetery Committee met on December 30, 1991, at 10:00 a.m. Present were Dorothy Watson and Cosmos Iocovozzi. Also William Beals the Appointed Cemetery Superintendent.

The Budget for 1992 was reviewed and forwarded to the Selectmen for their recommendation.

It was pointed out that fence railings need replacing in many places and some ground work is needed in the area bordering the Town Forest. The heavy windstorms toppled some trees, damaging a couple of head stones. With frequent mowing and care the cemetery will take on a nicer appearance.

The Historic District Commission, with a great deal of effort, secured clearances and were successful in getting the remains of Valentine Pickering, who died in 1870, transferred from the grave site on the Sprague Company property, River Road, to the Newington Cemetery.

On March 25, 1991, Bob Olson died suddenly, a shock to all who knew him. He was retired from the military and had served on various boards in town. He had been the superintendent of the Cemetery for 18 years, taking over from Leavitt Moulton. Bob enjoyed taking part and was very interested in the history and preservation of the Town. We will miss him, his input and suggestions.

Respectfully submitted  
William Beals, Superintendent.

The Cemetery Committee is very pleased to have Bill Beals as the Superintendent of the Cemetery. It has looked very nice all year round. He is to be commended for the work he has done.

Cosmos Iocovozzi  
Dorothy Watson  
Donald Beals

## RECREATION DEPARTMENT ANNUAL REPORT

The Recreation Department provides a number of varied programs and services for people of all ages in the community.

Adult Programs have included craft activities, volleyball, basketball, and fitness classes. The softball field is used by adult leagues within the community. Theatre events have included the Nutcracker, The Vienna Boys' Choir, and a performance at the Hampton Playhouse.

Youth Programs have been many and varied year round. Special events were planned during school vacations and on early release school days. Some of these activities have included swimming, bowling, a trip to Boston's Computer Museum, and a fall trip to Barden's Tree Farm. At Barden's Tree Farm the children had a hayride and then picked their own pumpkins. The Recreation Committee sponsored and hosted an Easter Egg Hunt and a Halloween Party for all the children. The Annual Talent Show was held in April. The Talent Show allowed both children and adults an opportunity to show off their creative talents. After the show an ice cream smorgasbord was served. During the school year the Recreation Department has provided after-school activities that have included games as well as craft projects.

The Summer Recreation program had 52 children participating. These children ranged in age from three to thirteen years of age. This year the Summer Program included tennis lessons, and a Summer Reading Program. The oldest group of children were able to use an Outward Bound Ropes Course. They were also taken on an overnight camp-out at Pawtuckaway State Park. The Summer Program's day trips were well attended by many townspeople.

Services for Senior Citizens has been transportation for shopping. Several seniors enjoyed a luncheon theatre day this summer. Annual Senior's dinner was well attended. The children delivered May Baskets to the Seniors.

Old Home Day was in September. Many residents and their friends and families enjoyed this.

The Recreation Department sponsored many Friday night and weekend ski trips from January through March. Deerfield Fair tickets were made available through the Recreation Department at a reduced rate.

On going equipment repairs have been the up keep of the Newington School Playground, and the installation of the new tennis backboard.

The Recreation Committee is here to serve the needs of the community value your input.

## The State of New Hampshire

To the Inhabitants of the School District of the Town of Newington, in the County of Rockingham, State of New Hampshire, qualified to vote upon district affairs. **YOU ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL IN SAID DISTRICT ON SATURDAY, MARCH 14, 1992, AT 1:00 PM. TO ACT UPON THE FOLLOWING:**

NOTICE: School District Officers are to be elected at the Town Meeting, Tuesday, March 10, 1992. Polls will open at 11:00 a.m. and will not close before 7:00 p.m. in accordance with the statutory procedure adopted by the District at its February 23, 1962, annual meeting.

ARTICLE 1. To hear the reports of agents, auditors, committees and/or officers theretofore chosen, and pass any vote relating thereto.

ARTICLE 2. To see if the school district will vote to accept the provisions of RSA 198:20-b providing that the school district at this annual meeting may adopt this article authorizing indefinitely, until specific rescision of such authority, the school board to apply for, accept and expend, without further action by the school district, money from the state, federal or other governmental unit and/or a private source which becomes available during the fiscal year.

ARTICLE 3. To see if the school district will appropriate the sum of three thousand dollars (\$3,000) as a contingency fund as provided under RSA 198:4-b. (Recommended by the Budget Committee.)

ARTICLE 4. To see what sum of money the school district will vote to raise and appropriate, inclusive of any funds approved in Article 3, for the support of schools, for payments of salaries, for obligations to the school district, and to authorize the application against said appropriations of such sums, as are estimated to be received together with other income; the school board to certify to the selectmen the balance between estimated revenue and the appropriations which balance is to be raised by taxes by the town.

ARTICLE 5. To hear the reports of the Moderator on the election of the School District Officers.

GIVEN UNDER OUR HANDS AND SEALS AT SAID NEWINGTON  
THIS FIFTH DAY OF FEBRUARY, 1992.

## **NEWINGTON SCHOOL BOARD REPORT**

Among all the good moments of the 1991-1992 school year, there were some events of particular interest to the Newington School Board.

A significant part of the long range renovation plans were started when the Elementary School, during the late summer, became an up-to-date energy efficient facility with the replacement of windows and doors. The trend to providing more technology for instruction and administration has required the installation of an alarm system. A new media center has provided a site to develop student research skills. The building is now a very warm active contemporary center of learning for Newington children.

In May the community and school staff hosted the New England Association of Schools and Colleges visiting team. The team reviewed the 9 required standards for accreditation in light of the 2 year self study, interviews and observations. The school received accreditation with many commendations and some recommendations which will be reviewed. The report included notice of the positive learning environment and the positive interaction between the school and the community. It is pleasing to have the Newington program and the facilities be validated by educators throughout New England. Thus, with great appreciation and pride, the School Board thanks the Principal, Dick Michels, the teaching staff, the support staff and the School Supporters. The continued efforts of everyone to provide models of positive citizenship for the children is a hope for the future for all of us.

The 1991 Newington high school graduates distinguished themselves this year when 3 of them, Julie Bullock, Tim Conners, and Robert Noseworthy were 3 out of the 10 top scholars at Portsmouth High School. The Newington community and School Board salute these students for setting a fine example of achievement for all to follow.

Barbara D. Hill  
Chairman

## **REPORT OF THE SUPERINTENDENT OF SCHOOLS**

**Daniel C. Durgin**

**January, 1992**

The philosophy of SAU 50, written several years ago, is framed and hangs prominently in the SAU 50 office. It reads: "We in School Administrative Unit 50 will endeavor to meet the needs of students of various levels of potential and ability in order to develop in those students academic and social skills, confidence, flexibility and independence of thought and action." Embodied in this philosophy is a charge that requires a serious commitment from every staff member.

We take pride in the fact that our instructional program is under continual scrutiny. Each year, a different discipline is reviewed by an SAU-wide committee. The curriculum is rewritten where necessary and text books and materials are updated.

The Social Studies Curriculum Committee, chaired by Newington Public School Principal, Richard Michaels, will, shortly, conclude two years of work. The work consisted of a review of our current program and recommendations for modifications in our existing curriculum as well as text and materials acquisition consistent with the program.

Science and science instruction continues to be a focus. During the 198990 school year, a course was offered which was designed to strengthen classroom teachers' skills in the teaching of science. Expanding on the work that has been done over the past two years, a second course for teachers will be offered this spring. The specific design of this course is being planned. As with the previous course, it will be taught by Rye Junior High Science Teacher, ~elvin Dalton. A large number of teachers have expressed interest.

Several years ago school districts in SAU 50 became the first in the state to adopt and implement a comprehensive health curriculum taught from kindergarten to grade 8. A broadly based committee worked for 18 months before adopting the Health Skills for Life Program.

At the time of adoption (1988-89) Health Skills for Life did not address the disease, AIDS. Believing that AIDS instruction is a critically important component for any health program, SAU 50 formed a

subcommittee to develop an AIDS curriculum that would be responsive to the learning needs of our students while treating this sensitive subject in a way acceptable to parents. After a relatively short period of concentrated effort, the subcommittee, Chaired by Greenland Central School Principal, Carl Wood, developed a program which was presented to and subsequently approved by the school boards. The AIDS curriculum has been in use in our classrooms for over three years and we believe has provided students with the proper information at the appropriate time.

As an indicator of the effectiveness and success of the AIDS curriculum, the New England School Development Council, a regional service providing consortium, asked SAU 50 to conduct a workshop on how to teach about AIDS for staff from other school districts. The workshop was held in Greenland on January 30, 1992, and was deemed highly successful by all those who attended.

Ongoing training for all staff is essential to assure the best possible instruction and SAU 50's Staff Development Committee is dedicated to this end. SAU 50 has a very active and capable Staff Development Committee which is responsible for assessing the needs and planning and developing professional growth activities for staff. The committee has representation from each school and meets monthly, or more frequently when necessary. It has recently planned and organized programs on learning styles/teaching strategies, foreign language and interdisciplinary teaching, which is a teaching technique that ties together various subject areas into an integrated instructional unit. The committee has a shared responsibility philosophy which results in a total commitment from each member.

After beginning a slow decline in the early 1980s, the student population of SAU 50's towns has leveled off and is beginning to gradually increase. Greenland is experiencing the most noticeable growth in its student population which has prompted the school board in that community to propose an addition to the existing facility creating classroom space as well as reallocation of space in the administrative area. The vote to approve the addition will take place at the March, 1992, annual school district meeting.

As staff members, we all work daily to develop in the children that we serve the qualities and skills that are implied in our philosophy and the key to total achievement of our mission is to enlist the involvement of parents and to form a successful partnership between home and school. One of the most important responsibilities that parents have is

to show their children that they truly value learning. There are many ways that this can be accomplished, including the following:

- Be certain your child sees you writing and reading.
- Provide a conversation time, perhaps at meals, where the family can practice polite listening and taking turns.
- Make up stories, songs, and games with your children.
- Show you are really listening by giving your child your full attention.
- Practice reading, mathematics and writing skills with your child in your daily routine. This can occur during many household activities such as cooking, shopping or doing other daily work.
- Have a library card and take trips to the library. Ask school and community librarians for recommended reading lists.
- Review literature about education and child development.

You are encouraged to contact your child's school to discuss his/her education and to discuss ways that we can work together to provide the best possible education for all children.

## **PRINCIPAL'S REPORT TO THE CITIZENS OF NEWINGTON**

Dear Friends:

When contemplating what to report to you this year, I wrestled with a number of issues that faced the school during the past year. Several came to mind. One of the most prominent of endeavors was the preparation for the on-site visit by a team of peers from the New England Association of Schools and Colleges to determine whether or not the Newington Elementary School had achieved their yardstick for determining whether or not the school should be accredited. As you know, the process has been going on for nearly two years, and in that time the staff has had the chance to take a deep look into the way we program for children as well as to gather from you opinions relative to how we do conduct this business of education. This comprehensive assessment was also used as a measuring device to ascertain our standing. When one thinks of making judgments relative to how one is doing, there are three ways that it can be done. First, you can ask the individual directly. Second, you can ask others, and third, you can review the actual daily performance of the person. As you can see in this process for accreditation, all three tools were used.

It is very important for an organization to continuously look within itself and to fairly equate how it performs relative to the expectations of the consumer. We are very pleased to report to you that on December 5, after reviewing the peer committee's report, the Executive Commission of the New England Association of Schools and Colleges has granted your school initial institutional accreditation. Obviously, we are very pleased with this recognition. However, this is not the end in itself simply the means where we continuously strive to improve upon the quality of programming and relationships that have been formulated through past years.

Realizing that not everyone will have an opportunity to read the comprehensive report that was written regarding the peer team's visit and their substantiation of the staff's self-assessment, I would like to digress from the usual report that possibly you have come to expect. At this time I would like to relate to you some of the perceptions that appear in the document. You must realize that the peer review group had the mission to report not only the positive elements of our educational delivery system but also to make recommendations on how we could improve upon what we are doing.

In the committee's message to the Executive Board, they

complimented the school family for its genuine concern, awareness and support for the children.

The team was likewise impressed with the collegial and cooperative spirit created by all staff which, in their estimation, translated into adaptive behavior modeling for the students. When referring to the young people, the visitors described the children as being polite, thoughtful, supportive, knowledgeable and creative. Of particular interest to the Commission were the numerous commentaries regarding the overwhelming commitment of the parents and community to interact with the school in planning and providing for an educational setting responsive to the ever changing needs of each child. Throughout the document the peer team noted how the staff presented a rather unique tapestry of talents, skills, and strengths from which the children could draw. As a result of this diversity a curriculum forged in sound principles and pedagogy has done much to keep the students of Newington very much in tune with the present. When interviewing the youngsters the visiting team was really struck by the freeness of the youngsters as they went about their everyday responsibilities asking questions, responding to inquiries with unique problem solving, and a general overallness of simply being kids in an atmosphere where they feel free to express themselves and to be risk takers. When reviewing the visiting team's report where they suggested areas of improvement in the school, the Executive Commission noted that there were no serious issues that would prevent the Newington Public School from attaining accreditation. In some cases when accreditation is given, a special progress report is due to the New England Association within the first year indicating how the school is attempting to address the major concerns. In our case the Commission encouraged the school to resolve and clarify some of the recommendations that pertained to the curriculum strand that related to various teaching strategies, adoption of programs and texts, and the matching of these variables to the needs of the children. A repeated theme throughout the report was the need to consider an appropriate storage place for the equipment that is now being stored along the inside walls of the gymnasium. This observation is not new for it was one of the major conclusions of the Facilities Committee and will most likely be addressed at a later date when consideration is given to some additional space being added to the building. For the present, we will continue to look within ourselves to see if during those times that the gym is being used the material can be stored in the corridor or in another room. Before I leave this portion of the report, I would like to acknowledge the Newington School Support Group for their tremendous efforts in this endeavor for they hosted on the initial eve of the committee's arrival a fabulous

dinner that helped set the tone for a very collegial and friendly relationship to occur within the team's 3 day stay with us. It is also important to share with you the contribution of Simplex Wire and Cable who provided their conference center to house the team. A far cry from the usual stay at a local hotel or motel. And the parents who contributed snacks during the day to help sustain the committee and the staff. When acknowledging who helped in making the process a meaningful one, we would again like to thank all those members who were present to speak with the team and to give their assessment of the Newington Public School so that together we can continue to grow as adults and to meet our primary mission of serving the youth of the community.

As we continue this report to you, I'd like to call your attention to many of the reports that we find in the media almost daily where the major thrust is upon the phrase restructuring education in America. As I travel throughout the state and visit with colleagues and peers and then return home to watch the staff work with the youngsters each and every day, it becomes ever so clear that what is being talked about is very present within our instructional delivery each day. We noted above some of the comments that the visiting team made regarding the closeness of the staff, the pride of the children, their willingness to speak to others, to share their opinions, to solve problems, to delve into things not known. These all represent what is being strived for in education today as well as for tomorrow. Does this mean that we are totally there? Of course not. But we do see that each day the former boundaries that were established either accidentally or by design keep coming down. Subject matter is no longer categorized. This doesn't mean that there isn't emphasis on content for there is. However, the changes in the presentation are throughout the disciplines and not just relegated to a particular one. Ideas and thinking are stressed. Memorization while still a vital part of any learning cycle becomes less emphasized. There is more use of computers. Cross grading continues to occur. Children at the upper levels sharing original plays and reports with their younger peers with the little ones reciprocating. Chicken projects that begin in the first and second grade become all inclusive. Working in tandem with parents and volunteers in experiences like O.M. and the invention convention program all provide the Newington children with a rather experiential education with the focus on what the young people need to know for themselves as well as for a society in the future.

In last year's report when we mentioned the O.M. groups we told you that their first year was one of preparation and the second year could possibly be a competition year. Indeed the teams did enter their

respective divisions in the regionals that were conducted in Portsmouth last spring. From my conversations with the youngsters as well as the coaches they put together two very interesting presentations. The upper level group met its problem by designing a sort of cannon-like instrument that had to hit targets with some type of ball, while the lower division put together a play involving the seasons. It was a creative problem where the youngsters had to include the transition of one season to the next. Before entering their respective competitions the teams had a couple of rehearsals here in Newington. As part of one of their undertakings which were many during the school year, the Newington Support Group conducted a potluck supper for the O.M. team where those in attendance shared good fellowship and had an opportunity to watch the youngsters demonstrate their proficiency at solving their problem. At an assembly the teams once again exhibited their proficiency before the school in an effort to become accustomed to performing before an audience.

When speaking about performances before an audience, I would like to once again refer to the peer group members who were here while our children were conducting their Invention Convention assembly where they noted that regardless of the age level and considering the age level, the Newington children seemed very much at ease in being able to converse with others. I personally feel that this has been mainly achieved through the way that all members of the staff relate to the youngsters through their constantly seeking the children's opinion and expecting dialogue exchanges in the classes. Experiences like the year end assembly where the whole school takes an active role in putting together a play for the community certainly assists in the development of the many skills required to perform in our society where one is asked to become involved with groups or to get up and express one's viewpoint. In response to the patriotic wave that was sweeping the country after the Desert Storm affair in Kuwait and Iraq, the young people put on a highly moving patriotic play which was enjoyed by over 150 people. It celebrated our history and our role in keeping the values and beliefs strong as engaged citizens. With the mentioning of Desert Storm which certainly caught all our attention via the television and newspaper as well as with local citizens being involved as the result of their commitment to the military, we at Newington were affected when some of our children's parents as well as a staff member's spouse one had to be away from home for a period of time until the madness in the Middle East, specifically Kuwait, subsided. Program wise we had just begun the D.A.R.E. program when Officer Sullivan was called to duty. As you can imagine, not only was the program put on

hold, but the young people who had formed a relationship with Officer Mike were very deeply involved and kept in touch with Mike while stationed in Montana. The program was resumed in part in the spring once Mike returned. Obviously with so few weeks left the program had to be curtailed and readjusted. The program reconvened in its entirety as of October 18, 1991. Unlike many programs, the D.A.R.E. officer visits all classrooms presenting various types of topics to the children. As intended the major thrust of the program is with our fifth and sixth graders. In order to raise money for the program, Officer Mike arranged a party with the roller skating rink here in Newington whereby they shared the receipts. In addition, money was raised through some generous donors.

A little earlier in this long discourse we mentioned the Invention Convention. I would be remiss not to inform you that the winners of the school program went on to the state competition. Not only did they exhibit their inventions, but they came away with first place ribbons in the different classifications entered. Quite a recognition for some very talented young people.

As we put this report together, the media center referred to last year is well on its way to being the reference center of the school. In the late winter of 1991 we received four additional Apple IIGS computers which became a vital part of the center, and later in the spring after a series of consultations with a former librarian and book distributor, almost 1,000 books were added to the shelves. In order to make them ready for the children's use, they had to be carded, catalogued, and shelved, and for that we asked former town librarian Marjorie Pickering to give us a hand. She is currently reviewing our old editions to determine if they still have relevancy for our use. Even though the children have not had the opportunity to extensively use the books, the room remains a real cog in our system, for with the help of the teachers and our aide they are continuously working on the computers in the center as well as those within their rooms to increase their skill in putting together reports, creative pieces and other types of research information.

Emanating from the exhaustive discussions of the Facilities Committee which met over a year ago, there were several items to be considered for building renovation. Some such as the windows and doors are quite noticeable whereas the installation of a new water main from the hydrant directly in front of the building located on Nimble Hill Road to increase the water supply within the school is not readily apparent but serves an important function. Without a doubt the

new doors and windows add a great deal to the appearance of the building, however, as I'm sure you realize, the purpose of doing so was to prevent the infiltration of cold air into the building through the single pane glass. This particular project had been discussed for a number of years but due to its cost it was put on hold until some other building objectives could be fulfilled. Other significant changes or alterations were sprinklers added to the custodian and boiler rooms, the ventilator draw system in the new addition to alleviate a rather unbearable situation that sometimes occur when we run into the hot, humid weather of spring and late summer. New carpets were installed in the media center as well as in the principal's office and three-quarters of the reception area. The carpets in the first and second and kindergarten rooms were also replaced. Cabinets and shelving were constructed for the media center and the teachers' workroom, and an intrusion system installed to protect the building's contents.

In closing I am sure much has been left out of this year's report just as it has possibly been done in other years so we beg your indulgence for any omissions. Please know that your partnership with us over the years not only brings us joy but I believe makes us more effective messengers. With your support we look forward to a year of hope renewed and promises fulfilled.

**REPORT OF THE HIGH SCHOOL PRINCIPAL**  
**David J. Matthews, Principal**

Portsmouth High School continues to pride itself on meeting the needs of a diverse population through a wide array of educational opportunities.

These include programs for the handicapped, fine arts offerings, a vocational center, a health center, and honors and advanced placement (college level) courses in all the major subject areas, plus an excellent co-curricula program. We are fortunate that in this time of economic difficulty and reduced enrollment, the communities which Portsmouth High School serve continue to support a comprehensive curriculum.

One of our primary goals this year is to improve communication with parents. In addition to our annual Open House, monthly meetings have been initiated which are open to all. At these meetings, we discuss school issues, educational programs, and teen issues.

We have also taken steps to reduce the number of ability levels offered in required courses. Beginning this year with the freshmen class, we have eliminated the "general" level in both English and social studies. By increasing our expectations for these students, we believe they will be better prepared for the future.

Next fall, a team of fourteen educators from the New England Association of Secondary Schools and Colleges will spend three days at Portsmouth High School evaluating our programs, staffing, and facilities. The recommendations of this committee will determine our accreditation status for the next 10 years. I am confident that the results of this evaluation will be very positive.

Robert Silver	Part-time	Custodian
Elizabeth Vezeau		Grade 3, 4 Teacher

## **INDEPENDENT AUDITOR'S REPORT**

Newington School Board  
Newington School District  
Newington, NH 03801

I have audited the accompanying general purpose financial statements of the Newington, New Hampshire, School District as of and for the year ended June 30, 1991, as listed in the table of contents. These financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the additional standards and requirements for financial and compliance audits as set forth in Standards for Audit of Governmental Organizations, Programs, Activities and Functions. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In accordance with the practices followed by other municipal entities in the State (Note I—Accounting Policies), the combined financial statements referred to above do not include financial statements of the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles.

In my opinion, except for the omission of the financial statements described above resulting in an incomplete presentation, the combined financial statements referred to above present fairly the financial position of the Newington, New Hampshire, School District at June 30, 1991, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

My examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying supplemental combining financial statements listed in the table of contents are presented for purposes of additional analysis

and are not a required part of the combined financial statements of the Newington, New Hampshire, School District. The information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

I.R. Lebel  
Certified Public Accountant
